

Eliza The Easter Fairy

By

Teelie Turner

There's another very important fairy that every fairy friend in Tommy Tinker's world must meet: Eliza the Easter Fairy. As the Fairy Kingdom's Master Artist for Easter Eggs, she's facing her own uniquely colorful challenge. She has to do a whole lot of Easter egg painting this year! The Fairy Headquarters have assigned her to run a school that will train young eager fairy artists in the careful, magical art of painting Easter eggs. Soon, she will be showing them how to weave Easter magic with every swirl of the brush and dip into the paint. Meet this blonde, green-shoed, polka-dot-wearing fairy who's up for the most colorful Easter task in the Kingdom, along with her small class of artists, her adorable magical bunny artists, and even one very clever Easter duck more than willing to make this holiday an enchanting one.

Long-time book author and artist Teelie Turner introduces this lovely new fairy into the sprawling world of Tommy Tinker and the many fairy friends he has in the kingdom. Eliza the Easter fairy is just the first in a series of holiday-themed fairies that aim to bring an extra special magic into every wonderful holiday celebration of the year, with their very own line of merchandise for fairy fans to enjoy!
